

Mission Statement

Serves as the G-4 and principle logistics advisor to the Cyber Center of Excellence (CYBERCoE) CDR, and the point of coordination between higher headquarters, the Garrison Command, AMC (ASC and CECOM), and subordinate CYBERCoE elements. Plans, coordinate, and advise on all logistics matters concerning supply, services, maintenance, transportation activities and facility support for all units assigned, attached, or OPCON to the CYBERCoE. Coordinates sustainment of current and future training equipment and monitors logistical requirements. Serves as the primary CYBERCoE POC for all issues related the Institutional Training Directed Lodging and Meals (ITDLM) Program.
