

Mission Statement

ACofS, G6 Cyber CoE is the senior advisor to the CG, SIGCoE for all Information Technology (IT) and Information Management (IM) matters necessary for the execution of CyberCoE's missions in training and capability development. The G6 develops IT and IM plans, policies, and procedures in its enterprise architecture. The G6 provides oversight of the staff management for the development, acquisition, integration, operation and sustainment of IT, IM, mobile applications, records management, systems, and services for the CyberCoE. The G6 further provides oversight of the CyberCoE's Information Assurance Workforce (IAWF).
