Target Audience: Active Duty and Family Members, Retirees

Description: The Charlie Norwood VA Medical Center is a two-division Medical Center that provides tertiary care in medicine, surgery, neurology, psychiatry, rehabilitation medicine, and spinal cord injury. The Downtown Division is authorized 155 beds (58 medicine, 37 surgery, and 60 spinal cord injury). The Uptown Division, located approximately three miles away, is authorized 315 beds (68 psychiatry, 15 blind rehabilitation and 40 medical rehabilitation). In addition, a 132-bed Restorative/Nursing Home Care Unit and 60 domiciliary are located at the Uptown Division.

The Charlie Norwood VA Medical Center and Dwight D. Eisenhower Army Medical Center at Fort Gordon entered into a Joint Venture for Shared Services, which provides for the cost-effective sharing of resources between these two federal health care facilities in the Augusta metropolitan area. In 2004, two Active-Duty Rehab Care Units were opened to treat OEF/OIF active duty military personnel who required rehabilitation.

The Charlie Norwood VA Medical Center prides itself on continually improving and expanding its health care knowledge. The medical center enjoys a strong affiliation with the Medical College of Georgia. The Augusta VAMC provides medical and allied health training to an average of more than 700 students and residents annually. Additional health training affiliations exist with 44 academic institutions.
