<http://averysangels.org/>

Target Audience: Active Duty and Family Members, DA Civilians, Contractors, Retirees

Description: Averys Angels Gastroschisis Foundation is a 501c(3) Non Profit Organization founded in 2009. We are a support group for Gastroschisis families in the CSRA, and nationwide as well as internationally. We raise awareness for this birth defect to promote further research and medical innovations to find a cause and a cure. Anyone (immediate family or not) affected by a case of Gastroschisis can find support within our group. We offer support through veterans moms and families and to expecting mothers. Care packages with the signature of the doctor handling the case are sent to the families in hospitals to make their stay in the NICU as comfortable as possible. Donations are used to have doctors attend medical conferences to push for research, to reach out to doctors in and not in our immediate location, and provides the materials for the care packages and office supplies so we can print fliers for events.
